

# MERRY CHRISTMAS AND A HAPPY NEW YEAR

*we move  
your world*

## CHECK THE EXPIRATION OF YOUR I94

If you overstay the I-94 validity without having filed an application for extension of stay, even for a day, the last visa they used for entry (E visas) are deemed cancelled and not valid for **Social Security Numbers** use to reenter the U.S. If the port of entry discovers this when you are reentering, you will be sent back and possibly face a 5 year reentry bar for seeking entry with an invalid visa. It also means that any future visa applications to the US must generally be applied for in the home country which might not be a particular disadvantage for you since E visas must be filed with the consulate where the employer is registered as an E company which.

## IN CASE OF EMERGENCY

In case of an accident police and firemen are checking the cell phones of the persons involved to find the person whom they should contact!

The international accepted pseudo is

**ICE** = in case of emergency

Store the phone number of the person they need to contact under ICE 1 / ICE 2 / ICE 3 .

**Social Security Numbers are issued for life.** Keep the card in a safe place at home and memorize the number. Do not give it out freely to everyone! Be selective.

You have to go to the SSN office to update the system if you move (change in address) or switch jobs (change in company). Go to [www.socialsecurity.gov](http://www.socialsecurity.gov) for info.

Make sure that the **name you provide on all entry forms into the States matches the name on your passport** and work visa. This is especially important when your name has an 'oe, ae, or ue' .

For more information on other immigration, visa and legal policies, go to [www.usimmigrationsupport.org](http://www.usimmigrationsupport.org) or [www.ftc.gov](http://www.ftc.gov)

## Unwanted commercial calls

When you move to your new home you might receive telemarketing calls.

Go to this website

[www.donotcall.gov](http://www.donotcall.gov)

You can post all of your phone numbers on the "do not call list" even cell phone numbers.

It will take up to 6 weeks until all the calls will stop. After listing your phone numbers on the Do not call list, the only people allowed to call you (by law) are businesses you already have connections with.

## If the POLICE pull you over:

A police car will drive behind you, directing you over to the right side of the road. Drive slowly to the shoulder, without obstructing traffic. Remain calm, sit in your car. Do NOT leave the vehicle. Keep your hand on the steering wheel and do NOT make sudden movements. Be polite and make eye contact with the officer.

Be respectful and practice courtesy—

Yes, Sir and Yes, Ma'am.

## COPIES

Keep copies of your Green Card and Passport at a safe place—it makes it easier to replace lost or stolen documents.
